Suspension bracket, tunnel | OBO

Product description Suspension bracket for wall mounting of cable trays, mesh cable trays and cable ladders specifically for tunnel construction. Tested to DIN 4102-12.

CABLE BRACKET

From walkway systems and cable supports to rail tracks and launching structures, we deliver complete tunnel construction solutions backed by real project

Tunnel support system

We offer a range of support solutions for mounting cable ladders in tunnels and in technical rooms, from concrete insert rails, central support for cast section

Tunnel Solutions – Vantrunk

Specially designed Heavy Duty Wing Brackets that work in conjunction with Vantrunk''s Intelok Radial Channel. When combined with Vantrunk''s Speedway

Cable Trays for Tunnel Cable Management

Cable trays are installed by anchoring brackets or threaded rods to solid surfaces on the tunnel wall or the ceiling of the tunnel, with modular sections that can be adjusted to follow the path

Cable Tray Technical Guide A practical guide to product selection and ...

In designing supports for a cable tray system, consideration should be given to the loads associated with future cable additions and any additional loading that may be applied to the cable tray system (e.g.,

Cable Management for Transit, Tunnels & Rail

Our patented cable tray and racking systems are the solution for these applications. Our team works closely with the design engineers to develop and manufacture

TBM Tunnels | Steel Tie, Walkways & Cable Brackets

We provide key components including steel Tie (sleeper), walkway platforms, and cable brackets, customized to support tunnel boring machine (TBM) systems.

c tray solutions able For tunnels guide

tunnels lass reinforced polyester) cable trays. These solutions provide optimum safety, flexibility and excellent corrosion resistance for fety lighting, signs, ventilation, etc. With legrand at your side, you

Cable Hangers | J Type Cable Hanging LV MV HV

© 2026 AK OPTICAL SYSTEMS - All rights reserved

Girder Hanging, 90° Twist, side by side cables – custom brackets can be engineered to support specific tunnel wall arrangement and applications. J-hanger type cable

Method Statement for Installation of Cable Tray or

On completion of cable tray/ ladder installation including fittings, inspect exposed finish. Remove burrs & construction debris and repair damages

Typical Design Philosophy of Cable Trays for Power

Cable tray system shall be used for laying of MV and LV power, control, instrumentation and special cables in the Power Plant. Cable trays shall be

The Complete Guide to Cable Trays | Snake Tray

Learn about the benefits and applications of cable trays, and the specific advantages of using Snake Tray products.

Electrical Cable Tray Transportation Use: Streamlining

Explore electrical cable tray transportation use, ensuring organized, safe, and efficient cable management in railways, tunnels, and transit systems.

Cable Bracket for Tunnel

Cable bracket for tunnel with durable galvanized plastic coating, easy installation, starting at about $0.2. Ideal for tunnel conduit cable trough systems.

Cable bracket system for cable trench or tunnel

The cable bracket system is neat and attractive after being installed; field cutting and roughness and spines generated by welding do not exist; and the cable bracket is attractive and cannot damage the
