Cable tray tax

Overview

The standard cable tray hsn code and gst rate features a uniform tax level of 18%. This total percentage is split equally into 9% Central GST (CGST) and 9% State GST (SGST) for local transactions, or applied as a flat 18% Integrated GST (IGST) for interstate trade. Because cable trays are manufactured from a wide variety of base components—ranging from heavy metals to synthetic polymers—the tax department classifies them based on their raw material makeup rather than just their general utility. Accurate HSN Code classification ensures GST compliance, correct invoicing, and eligibility for input tax credit (ITC). Cable trays fall under Chapter 73 or 76 of the HSN. Cable trays are used to support and route cables in offices, factories and commercial buildings. While your provided data includes various “cable” related items and “machinery,” the most direct and. HSN Code is a hierarchical system of product Classification, you can explore the hierarchy below of HSN code 73089090, the most popular HSN codes used for Cable Trays. There are 21 HS Codes used for import by 16,357 importers of Cable Trays, Click on HS Code to Get Actual Product description used. Explore a detailed compilation of HS Codes or HSN Codes for cable trays, accompanied by their corresponding GST rates, providing valuable information for those navigating the world of cable tray taxation.
