How much does a cable tray cost per unit

Overview

The average cable tray price per meter ranges from $2 to $25, depending on material, type, size, and surface finish. □□ For bulk orders or project pricing, the cost can be significantly lower. The main cost driver is the material used in manufacturing: □□ Galvanized steel is the most common. Basic cable tray systems cost $3-15 per foot depending on type and material Installation labor adds $5-8 per foot to total project costs Ladder trays typically cost 20-30% less than solid bottom systems Bulk orders of 1000+ feet can reduce unit pricing by 15-25% Regional variations can impact. The majority of individuals will consider the cost of the components. Cable trays will tend to be significantly less expensive to use in 2026 than metal pipes due to their faster installation. That number matters, but it's rarely the one that decides whether a project stays within budget. The real cost shows up later, during installation, during upgrades, and during the first few years of operation. We want to improve this website so we need your help.
