EXFO Optical Module Products

Overview

EXFO - OTDRs | Modules Home Products Fiber Optic Testing OTDRs EXFO FTB-1 Platform The FTB-1 is optimized to allow field technicians to carry out dedicated FTTH, Ethernet and multiservice test applications simply and efficiently FTB-2 Platform The FTB-2, available. EXFO - OTDRs | Modules Home Products Fiber Optic Testing OTDRs EXFO FTB-1 Platform The FTB-1 is optimized to allow field technicians to carry out dedicated FTTH, Ethernet and multiservice test applications simply and efficiently FTB-2 Platform The FTB-2, available. The BA-1600-OSFP delivers up to 3. 2T total test capacity with two independent 1. 6T OSFP ports for high-speed cable and transceiver validation. Modular dual-slot, mobile-connected testing platform optimized for field installation and maintenance. Pocket-sized VFL, an essential tool for any. Corporation EXFO (www. com), founded in 1985, is the world's leading manufacturer of equipment for testing optical fiber and copper communication lines in telecommunications. Complete testing from. The MaxTester 700D Series builds on the proven tablet-inspired, lightweight and rugged OTDR MaxTester platform. The familiar 7-inch, outdoor-enhanced touchscreen continues to deliver an unprecedented user experience with its intuitive Windows-like GUI ensures a fast learning curve. The OTDR. EXFO FPM-602 Ge detector Power Meter, SC/UPC adaptor. Remark: whole brand new but without any warranty and calibration certificates. No coding required!Test Equipment Center offers a wide variety of specialized and general purpose test equipment from Exfo and many other quality test equipment manufacturers. Once you select the product type, you will.

Article Content

EXFO products – more than 200 models

EXFO products cover the full range of measurements required for the installation and maintenance of fiber optic and copper communication lines. The main

EXFO | Lightwave Online

Need fast, reliable optical testing? Discover EXFO''s range of tunable lasers offering the precision and versatility you need for both R&D and production

EXFO Test Equipment

It delivers EXFO''s tried and true OTDR quality and accuracy along with the best optical performance for right-first-time results, every time. The plug-and-play

Exfo Products for Sale at Test Equipment Center|New and Used Test ...

Exfo Lightwave / Fiber Optic Test, Telecommunication Test and other Exfo products for sale at Test Equipment Center.

Go4Fiber Product Catalog> Exfo

EXFO Optical Power Expert, PX1-S, Standard power measurement range, 11 calibrated wavelengths, measure absolute power (dBm) and loss (dB), with universal 2.5mm connector adaptor

EXFO Optical Spectrum Analyzers Test Equipment Listings

EXFO Optical Spectrum Analyzers information including price quotes, manuals, application notes, reviews, videos, forums, and more.

EXFO | Fiber Optic Testing Equipment, Test Kits

Specialized Products offers innovative solutions from EXFO - fiber optic testing tools, accessories, telecom test equipment, test and inspection kits.

EXFO FTB-200 with FTB-7300D SM OTDR 1310/1550/1625 nm FTB

EXFO FTB-200 platform with FTB-7300D SM OTDR module covering 1310/1550/1625nm wavelengths. Designed for fibre troubleshooting, live network testing, and long-distance optical analysis.

OFC 2025: Interoperability demos

The Ethernet Alliance and Optical Internetworking Forum featured interoperability demonstrations at data rates up to 800 Gbps. San Francisco —

8 Best OTDR Fiber Optic Testing Equipment (April 2026) Expert

© 2026 AK OPTICAL SYSTEMS - All rights reserved

Each product review includes technical specifications, practical use cases, and honest assessments of strengths and weaknesses. Top 3 Picks for Best OTDR Fiber Optic Testing

Lab and manufacturing testing solutions | EXFO

Lab and manufacturing testing You''re under increasing pressure to develop and launch high-quality products and ramp up production lines. Choosing EXFO''s solutions for lab and manufacturing testing

Network test, monitoring and analytics experts | EXFO

We''re the communications industry''s test, monitoring and analytics experts. Pioneering essential solutions and technologies for over 35 years

Optical Power Expert | EXFO

EXFO grade Designed for extended use in the field, the Optical Power Expert delivers best-in-class optical performances day in, day out. EXFO''s track-record

LTB-12 rackmount modular mainframe | Product | EXFO

Highlights Supports optical test modules Use the LTB-12 with EXFO''s FTBx optical module family for advanced optical testing. It supports power sensing,

Network test, monitoring and analytics experts | EXFO

AI for real-time photonics testing Find a product Let''s keep in touch! Get the latest news on network testing, monitoring and analytics.

Optical power and loss test kits | EXFO

Optical loss test kits EXFO''s optical loss test sets (OLTSs) are available in dedicated handheld instruments and platform-based modules to suit various network architectures and test requirements.

Product finder | EXFO

Tunable lasers for test & measurement (T&M) applications Ideal for fast and reliable optical components testing, including photonic integrated circuits.

OTDR and iOLM software solutions | EXFO

OTDR and iOLM EXFO''s industry-acclaimed OTDRs provide highly accurate measurements to easily characterize and validate fiber links. They are compact, rugged and simple to use in the field. With
