Fiber Optic Sealed Adapter

Overview

It is a hermetic adapter that allows to hermetically connect two optical fiber patch cords terminated with SMA, ST/PC or ST/APC connectors. Both sides must remain connected to maintain seal integrity. FS offers full range of fibre optic adapters/couplers with good repeatability and changeability for mating two ends of a fibre optic cable with high precision. We stock a large selection of Fibre Optic Adapters, including new and most popular products from the world's top manufacturers including: L-com, Cliff Electronic Components, Molex / Partner Stock, Molex & Tuk More Pricing. Products incorporating standard. Built for industry's harshest operating conditions, Seal-Connect® electrical connectors outperform traditional glass to metal connectors with significant weight savings, optimized electrical properties, and a durable internal seal. Greene Tweed's electrical connector portfolio delivers proven. As a leading supplier of advanced fiber optic components, Molex has an extensive product offering that includes a full range of optical solutions from connectors, adapters and cables to backplanes and high-density interconnects.
