Huijue Layer 3 Switch

Overview

The **Huawei Quidway S5352C-EI**, also known by its part number **LS-S5352C-EI**, is a high-performance **Layer 3 Ethernet switch** designed to meet the demands of enterprise network environments. 5 Gbps ports smash the gigabit barrier and unlock the full potential of WiFi 6 APs. IP-MAC-Port Binding, ACL, Port Security, DoS Defend, Storm Control, DHCP Snooping, 802. Lifetime management on. Huawei's comprehensive portfolio of products and solutions enables you to realize smooth digital transformation and rapid growth of virtualization, Big Data, and cloud services. Huawei switches already help customers achieve success in industries such as finance, Internet, retail, education. Ruijie Reyee NFR - Save up to 50%! Ruijie Reyee network switches offer streamlined management and robust performance. Ruijie Reyee Access Switches support remote maintenance via Ruijie Cloud, one-click PoE reboot and real-time alarms for troubleshooting. With **48 10/100/1000Base-T ports** and flexible uplink options, this switch provides robust and. A Layer 3 switch from Huawei combines the functionality of a traditional network switch with that of a router, enabling it to forward data based on both MAC addresses (Layer 2) and IP addresses (Layer 3).

RG-NBS5300-8MG2XS-UP 10 Ports Multi-Gigabit Layer 3 Managed

RG-NBS5300-8MG2XS-UP 10 Ports Multi-Gigabit Layer 3 Managed Switch with 8 PoE++ Ports, 2 SFP+ Uplink Ports Enterprise, Hotel, Factory, Education, Retail, etc.

How to Switch Huawei S5720-52X-SI to Layer 3 Mode? Is Your

This guide cuts through the technical jargon to explain how configuring your Huawei switch for Layer 3 operations can future-proof your infrastructure while addressing real-world ...

Huawei S9300E Switch Product Brochures

The S9300E uses Huawei''s intelligent multilayer switching concept to provide high-performance L2/L3 switching services as well as rich network applications such as High-Definition (HD) video, elastic

Network Switches | Huawei Enterprise

Huawei campus switches are ideal for building future-proof campus networks with simplified management, high reliability, and service intelligence, across

Huawei Quidway S5352C-EI

Huawei Quidway S5352C-EI (LS-S5352C-EI) is a 48-port 10/100/1000Base-T Layer 3 Ethernet switch with 10GE uplink options, designed for high-performance enterprise networks.

Layer 3 Ruijie Reyee Switches

Ruijie Reyee Access Switches support remote maintenance via Ruijie Cloud, one-click PoE reboot and real-time alarms for troubleshooting. Aggregation/Core Switches ensure high performance and

Huawei layer 3 switch

Huawei''s Layer 3 switches, such as those in the S5700 and S6700 series, integrate switching and routing capabilities, offering high-speed performance with low latency for enterprise environments.

Best Layer 3 Switch in 2026: Tested and Reviewed

In this guide, we''ve tested and reviewed some of the top Layer 3 switches available today to help you make an informed decision.

Difference between layer-2 and layer-3 switches

© 2026 AK OPTICAL SYSTEMS - All rights reserved

Layer 2 switches operate at the data link layer, forwarding data based on MAC addresses, while layer 3 switches route traffic using IP addresses.

Leading Energy Storage Equipment Manufacturer

Founded in 2002, Huijue Group is a high-tech service provider integrating the integration and application of intelligent network equipment and intelligent energy

Example for Switching an Interface to Layer 3 Mode

S300, S500, S2700, S5700, and S6700 V200R022C00 Configuration Guide - Interface Management Example for Switching an Interface to Layer 3 Mode Networking Requirements In

Layer 3 Switching

Layer 3 Switching Background of Layer 3 Switches In early stage of network deployment, most local area networks (LANs) were established using Layer 2 switches, and routers completed

Networking Fundamentals: Configuring HSRP with Layer 3 Switching

Configuring HSRP on Layer 3 Switches Configuring HSRP on Layer 3 switches requires careful planning to ensure that all devices correctly participate in the failover process. Each VLAN interface must be

Company Overview

Shanghai HuiJue Technologies Group Co., Ltd. Products:Outdoor Cabinets and Solution/Data Center and Solution/FTTX Products and Solution/Site Energy

Switch Layer 3 vs Layer 2 | Basics, Pros, Cons, Key Differences

Layer 3 switches also support VLANs and ACLs which are essential for security in large networks. I hope this article has helped you understand the switch layer 3 vs layer 2 differences. If

Power Systems

Huijue Group was founded in 2002, is leading Power Systems Manufacturer in China, to provide customers with the optimal energy storage system solutions

Understanding Layer 3 Switches: A Comprehensive Guide

Conclusion Layer 3 switches are powerful networking devices that provide the advanced routing capabilities of routers combined with the high-speed data forwarding of switches. They are
