Key Takeaways

Malta offers a variety of distribution boxes suitable for indoor and outdoor electrical installations, with suppliers providing delivery across Malta and Gozo.

Available Types and Features

Marlanvil Surface Distribution Box: Accommodates up to 4 modules, features a waterproof and dustproof IP65-rated enclosure, ideal for outdoor use. Made from high-quality materials for durability and reliability in various weather conditions. Compact design with easy mounting options for organizing electrical connections efficiently.

Jangar Waterproof Box: Small square box (9.3 x 9.3 x 4.7 cm) with IP55 rating, protecting against dust and water spray, suitable for outdoor or exposed environments. Master Recessed Mount Box: Designed for wall or ceiling installation, providing a discreet solution for electrical outlets or switches. Dimensions: 11.9 x 9.6 x 7 cm, compact and easy to install.

Jangar Waterproof Round Box: Diameter 6.5 cm, height 4 cm, durable for protecting electronic devices from water damage, suitable for various environments. Suppliers and DeliveryBigMat Malta: Offers free delivery across Malta and Gozo for orders over €50, with a standard delivery charge of €10 for smaller orders. Delivery typically occurs within 3–5 days, depending on location.

Installation services are available for certain products, though additional fees may apply.

FB

P Malta: Provides a range of distribution boxes, including IP65-rated 24-way boxes suitable for industrial and residential applications.

XO

L Malta: Lists various distribution boxes, allowing customers to filter by type and specifications.

Considerations

When selecting a distribution box in Malta, consider: IP rating: IP65 for full protection against dust and water, IP55 for moderate protection. Module capacity: Number of modules the box can accommodate. Installation location: Indoor vs. outdoor, wall-mounted vs. recessed.

Delivery and installation: Check supplier policies for delivery times, charges, and installation services. These options ensure that both residential and commercial electrical installations in Malta can be safely and efficiently managed.
